

Information Development Amsterdam is pleased to invite you to

# DIGITAL SALON

Think forward & Co-Create

Digital Transformation is giving an incredible impact on our business and society today. To keep up with this fast-moving business environment, it's a challenge for organizations to measure what is needed, where to start and how to benefit from new technology.

There are unlimited opportunities.

In this Salon, in collaboration with Delft based IT services company OGD ict-diensten ([www.ogd.nl](http://www.ogd.nl)), we will look into Machine Learning and Artificial Intelligence, how it has been implemented and used in business, and discuss the future outlook.

## DISCUSSION TOPIC:

### Machine Learning & Artificial Intelligence

How Machine learning has brought benefits to business.

### GUEST SPEAKER: Arjen Goedegebure

Data Scientist, OGD ict-diensten ([www.ogd.nl](http://www.ogd.nl))

Tuesday 19<sup>th</sup> June 17:00h - 19:00

Presentation 17:30h, discussion 18:00h,

Networking & Aperitif from 18:15h ~ 19:00h

@ Skyroom, 7<sup>th</sup> Floor, ITO Tower,

Gustave Mahlerplein 28, 1082 MA Amsterdam
